LAKE DISTRICT SPRING KICK OFF MEETING  
MAY 22, 2021

The Aquatic Plant Management (APM) planning grant was approved in February by the Wisconsin DNR, which means that our APM plan will be updated over the course of this year and 2022 and become effective in 2022 for the following five years. The current plan was completed in December 2017.

On Saturday, May 22, 2021, Tiffiney Kleczewski PE, owner of Flambeau Engineering, LLC, will be coming to the Lake District's shed to discuss the APM Plan process of collecting information, including 2 plant surveys on each lake, developing/updating the plan to submit to WI DNR and GLIFWC, and discuss/share information on aquatic invasive species. Tiffiney and the District Board will be looking for input from the lake residents and the community to guide the process and final plan. Attached is the budget that has been approved by the WI DNR for the grant.

**PLEASE NOTE THAT THE INITIAL PLANT SURVEY THIS SPRING, FOR BOTH LAKES, MAY IMPACT THE START OF THE HARVESTING SEASON SINCE SUFFICIENT PLANT GROWTH IS NEEDED TO COMPLETE THE SURVEY!**

We will also be sharing updates on the dredging project and what the next steps are in this process.

Please join us for this Spring Kick off Meeting as important information will be shared and decisions will be made.
